

ARE YOU READY TO BE A

Rockstar?

Dear Magnificent YOU,

Not long ago, I was sitting in your chair, confronted with the opportunity to step up and take a big chance on myself. I remember being excited, fearful, upset, and shaking with exhilaration all at the same time. How could I even be considering this with life already being so full? And where in the world was I going to find the time, and even more scary, the money? Here was my truth: You see, I had been doing it alone for too long. Feeling like I could and should always figure it out on my own was a big danger zone for me. It left me exhausted, frustrated and frankly, feeling like I should give up my passion.

Thankfully, my journey led me to amazing mentors who were there to guide me and lovingly support me along the way! Each time I stopped to listen to my inner wisdom, I had powerful positive experiences that moved me forward in my life. Seeing my danger zones and how they really kept me from what I truly wanted, has always helped me dig deep into my courage and take a step forward. When I said YES to the right support and guidance, I said yes to me, yes to the faster path, and yes to making a difference in thousands of lives doing the work I truly love! I did not have to give up on me or my dream!

I know this is a big choice. Take time to breathe into your truth and listen. Indecision keeps you stuck and stagnant, delaying or even killing, your ability to make your unique difference in the world.

Xo, Margaret

Rockstar TRANSFORMATION *program*

program overview

Before I started the Rockstar program I was making over six figures and had a full practice as an EFT practitioner. My mailing list was around 4,000 people. Even so, I felt very frustrated and limited, **like there was a secret that I couldn't crack** and I had to face the fact I could not do it alone. My business had plateaued.

I wanted to take it to the next level beyond 1:1 work. Now in year 2, I have already earned over \$30,000. I'm also launching my first big ticket group program, and expect to make over \$100,000. I now have over 40 YouTube videos with over 5,000 subscribers and 700,000 views. My list is currently 11,000 people, and I expect it to grow to over 27,000 after my launch in April!

For the majority of my Rock Star year I focused on the inner work and transformation on myself to form a solid foundation to work from and then begin to build my business with confidence instead of fear and doubt.

I have made **more in 5 hours of MY coaching work than I have in a 3 day work week at \$10.00 an hour at a law firm.** I can see how I can fade out of the law firm and do the work I love. I have added 10 clients in the last 2 months!

What is amazing, is that I can really sell packages and people will buy them because they value my work so much. They actually tell me I am worth more!!!! (Time to up my rates!) Now I am more confident in myself, more courageous to experience new things. I can not believe the love and support you get in this program. Yes, even the tough love at times.... INCREDIBLE!

I signed up for another year because I knew the **fabulous feeling of being part of a tribe of amazing people, feeling supported and accompanied to reach the next level.**

My biggest area of growth this has been the **up-level of my energy and confidence in myself and my gifts.** I have given **over 20 talks and workshops internationally.** I was able to leave a job I no longer wanted and I was wonderfully surprised to make **more money in my coaching business than I made at that job!** I have reached 2,000 (from 800) subscribers on YouTube. I now have a level of authority and credibility that has me invited to present at several international Energy Psychology conferences - Canada, Spain, Mexico and Costa Rica **= MY DREAM come true!!!**

I am a mortgage loan officer, not a coach. At least that is what I told myself. My business was OK; my income was a roller coaster and I was nowhere near as successful as I should have been after 15 years.

I was overwhelmed (a lot) working (a lot) and not really getting compensated for the time I was putting in. I was helping a lot of people with my holistic skills and giving my coaching away for free. Since joining Rock Stars **my mortgage income increased by more than 50%** and this year my goal is to increase my production by just over double. I have been asked to step up in many areas of this industry as a speaker and presenter.

I am most proud of how I **grew my mortgage business WHILE growing my coaching business, WHILE growing closer to my daughter AND improving my relationship with my husband AND I made friendships that I know will last the rest of my life.**
